

Quality Engineering

A journey from traditional testing to shift-left mindset

Rubén Fernández Álvarez

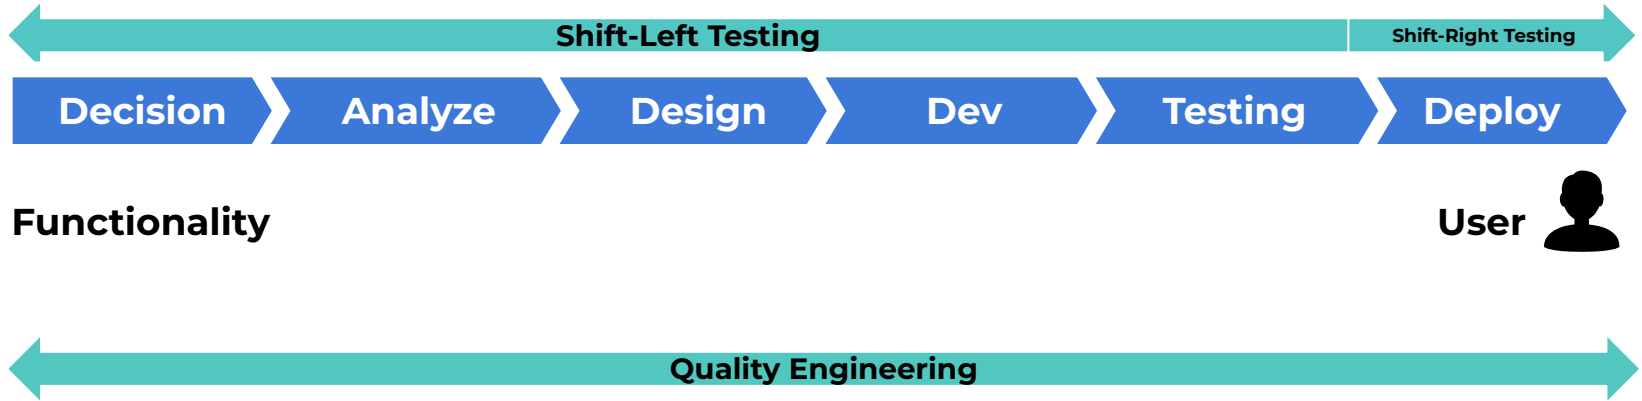

About me

- I'm from Barcelona
- SW Quality Manager - [FCM Lab Bcn](#)
- Co-Founder - [QEvolution](#)
- 18 years of experience in quality & testing (marketplaces, medical devices, ...)
- Running, Books, Series

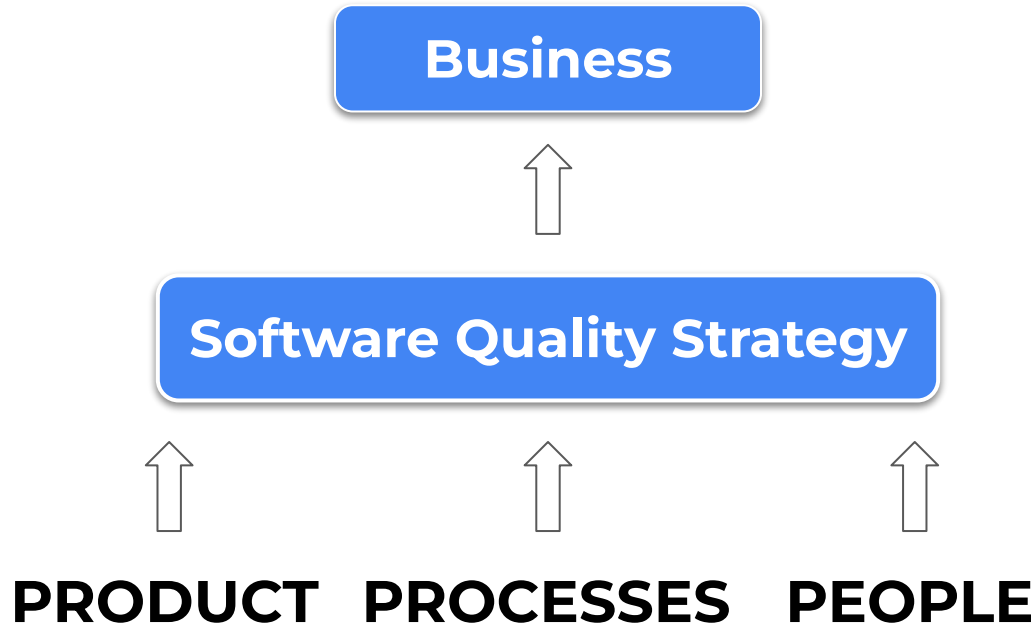

**“*Quality* is everyone’s
responsibility”**

Shift-Left & Quality Engineering

**Testing as an activity in each stage
+ Practices to help deliver exceptional products**

How to create a **quality strategy**?

How to **integrate** the new strategy ?

Sponsorship

Communication

Connections

How to start with the teams?

Mentor

Advisor

Hands-on

Coach

OUR POSITION
