

Mobile App Crashes in Production

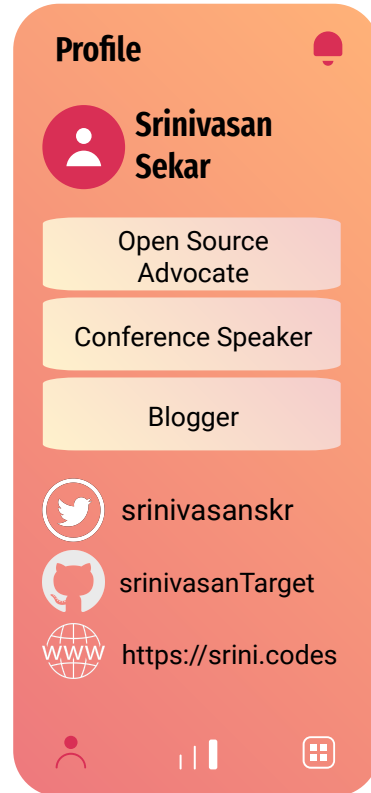

Lessons Learned from a Tester's viewpoint

HUSTEF

HUNGARIAN SOFTWARE TESTING FORUM

About me

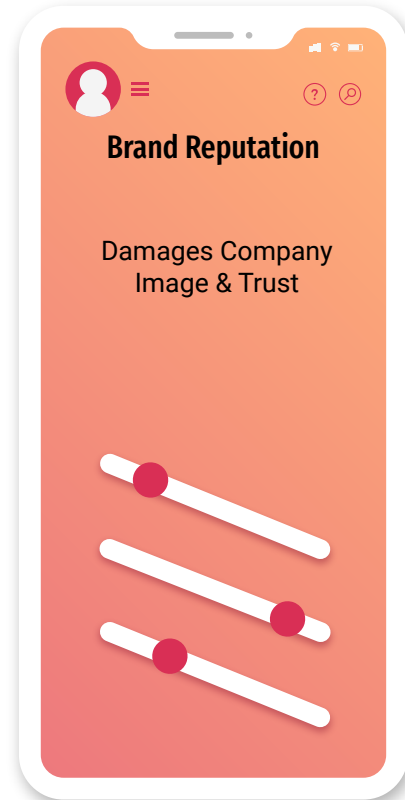

Why this matters?

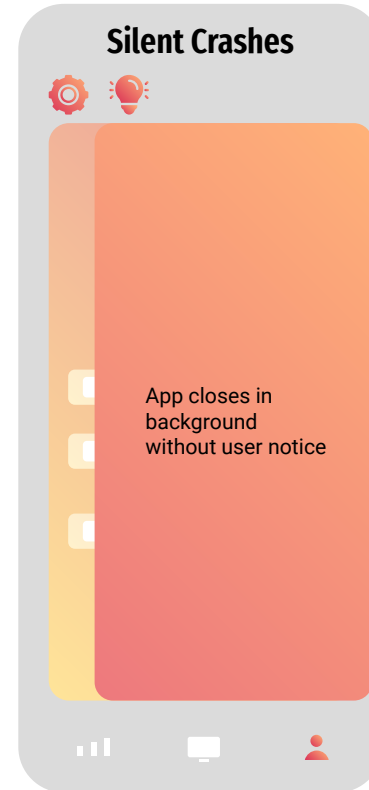

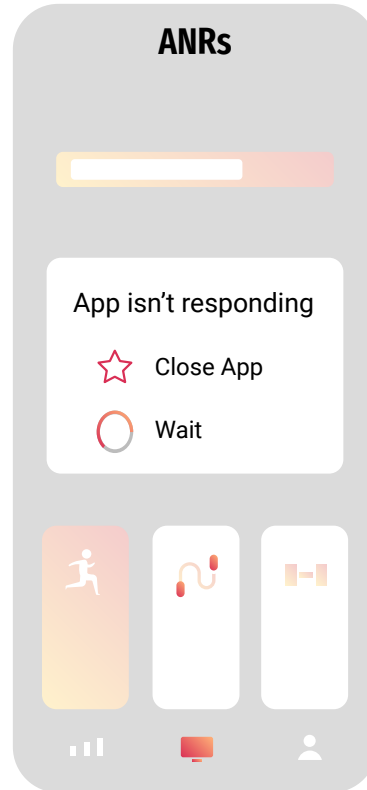

Crashes lead to
frustration and
potential app
abandonment

Types of Mobile App Crashes

Common Causes: Device Diversity

Common Causes: Code Related Problems

Exception Handling

Out of bound Exceptions
Arithmetic Exceptions
Null Pointer Exceptions

Bad Access Problem
Guarded Resource
Protection
Resource Consumption

Memory Leaks

Android Studio Profiler
Xcode Debug Navigator

Memory

Gradual loss of available memory

Common Causes: Network Issues

Mobile Networks

Improper handling of slow & fast networks

Timeout Handling

2G 3G 4G 5G

Data Parsing Errors

Unexpected server responses

Contract mismatches

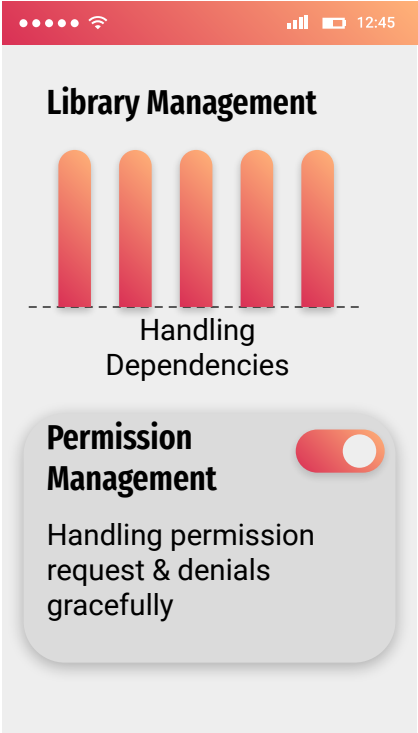

Backward Compatibility

Supporting multiple app versions in production

Service Outages

Common Causes: Resource Management

Library Management

Handling Dependencies

Permission Management

Handling permission request & denials gracefully

Inefficient background processes leading to rapid battery depletion

Memory Overuse

Apps consuming more memory than available

Prevention Strategies

Practices

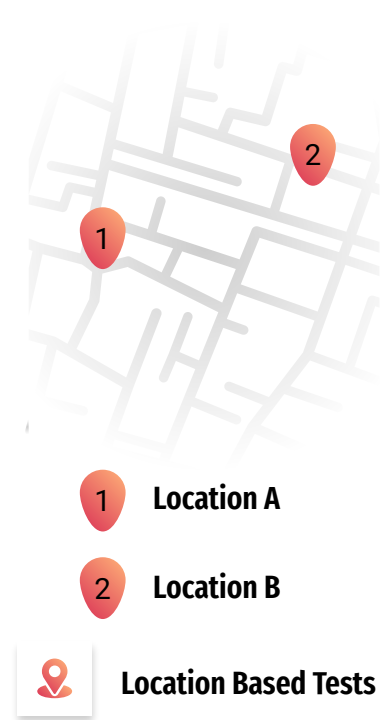

- | **Code reviews**
- | **Static Analysis**
- | **Exception Handling**
- | **Simulate User Environment**
- | **Simulate User Behavior**
- | **Caching - Offline Function**
- | **Optimize for different Hardware**
- | **Testing on low memory devices**
- | **Monitor Network calls**

Comprehensive Testing

- Wider device coverage
- Network simulation
- Interrupt Testing
- Upgrade Testing
- Different OS versions
- Permission Handling
- Data Caching
- Sensors
- Integrations

CPU & Memory
Performance
Monitoring

60%

Prevention Strategies

Images

Memory Efficient
Images & Sizes

Animations

Prevent infinite loops

Avoid main thread
blocking

Lower frame rates

Crash Reporting Tools

Firebase Crashlytics

AppCenter

Sentry

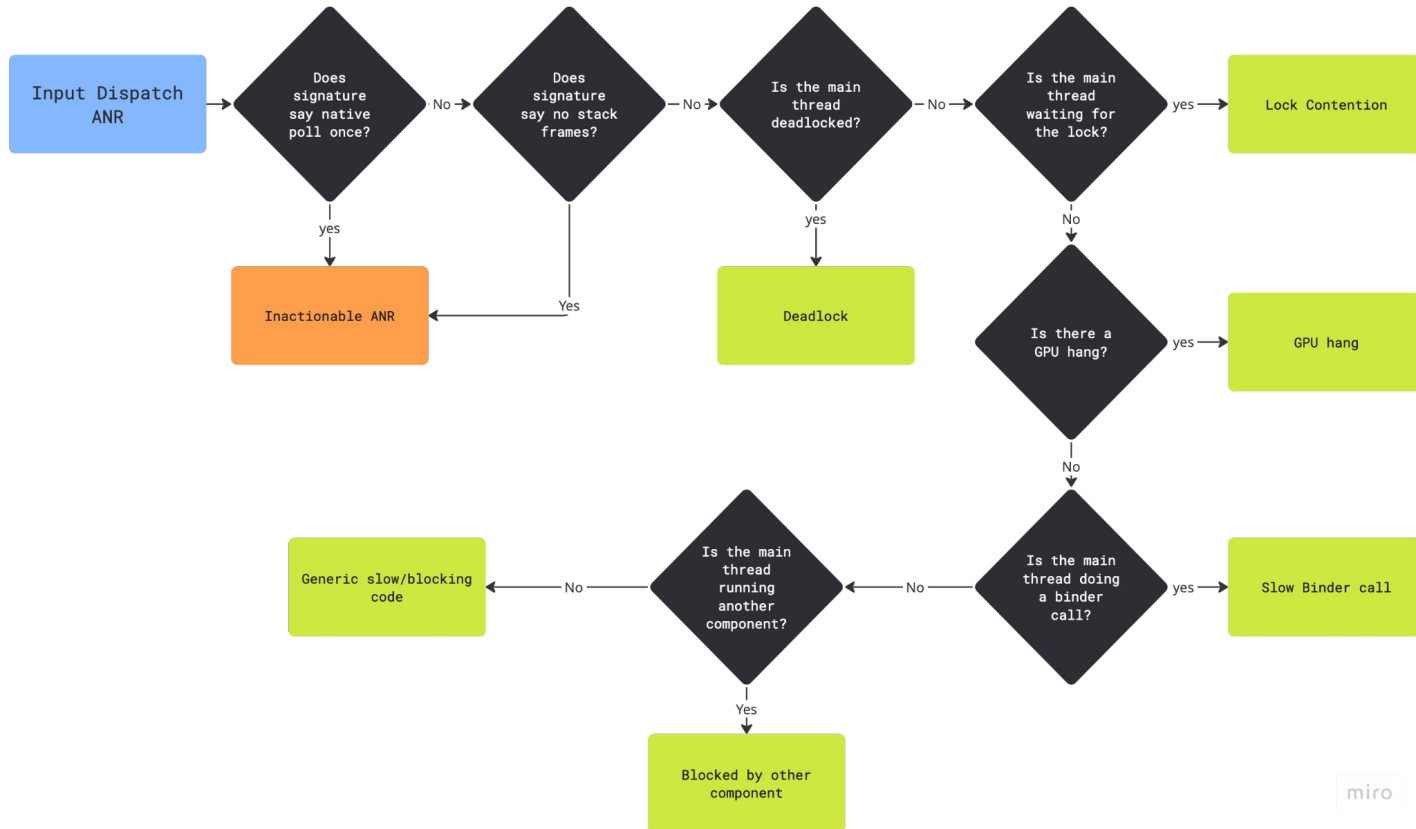

Play Console

Key Metrics

- Crash free users
- ANR Rate
- Version Adoption
- Impacted users
- Device Distribution
- OS Distribution
- Non Fatal Error Rate

Diagnose and Fix ANR's
